Jack,

Try this first:

[Administrative Record \(AR\) Collections](#)

If not:

The administrative record is found through the following link:

<http://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0301982>

bottom right, click on admin record IF ITS VISIBLE, then click on remedial. The documents can be sorted by date, etc. There is a file at the top titled index, this is a listing with a very brief description of each file.

IF NOT VISIBLE (due to updating website information) I found it this way:

Middle right, click on contaminant information.

Middle left, click on Administrative Record

Click on [Administrative Record \(AR\) Collections](#)

Jack,  
I'd like to speak with you regarding your FOIA request for SKF and the Delta Quarries Superfund Site to get an understanding of what documents you would like to review.

Please give me a call at your convenience.
